## Christmas Preparations Reach Peak as Parties, Shopping Claim Interest

### Downtown Area Attractive in Yuletide Attire Draws Trade

Preparations for Christmas reached their peak today in the Antioch area as people saw but five more shopping days before the holiday.

The downtown street of Antioch was quite attractive with its colored lights and the store windows were never more beautiful.

If mailing at the Antioch postoffice is any criteria Antioch merchants are doing every bit as much business as last year, if not more. Wartime stocks have disappeared from the shelves entirely and the new merchandise is good.

Prices are higher because of inflationary conditions but the price doesn't seem to stand in the way of purchases, especially for the children.

Starting this week many organizations and industries in this community held Christmas parties. Special services in observance of Christmas are planned for the coming week.

## Thirty-seven Fatalities Estimated for Illinois During Christmas Time

### Holiday Traffic Toll Will Be Slightly Larger Than in 1946

The holiday traffic toll on Illinois highways December 24th and Christmas will total 37 deaths and 1400 serious injuries, Charles M. Hayes, president of the Chicago Motor club, predicts on the basis of a study of accident experience during the past 10 years, adjusted to changing trends in driving patterns.

This dismal holiday prospect will improve as much as 50 percent, Mr. Hayes added, if bad weather intervenes in behalf of motorists and pedestrians to force them into cautious use of streets and highways.

As many as half of those deaths and injuries can also be avoided in fair weather despite increases in motor travel and accident exposure under those conditions, depending on the extent to which motorists heed common sense advice for driving safely given them by press and radio acting in the public interest, the motor club executive pointed out.

Estimate is Higher

The estimated Illinois toll of 37 fatalities is three higher than last year, and has been exceeded only twice in the past ten years. In 1940 and 1941 there were 40 fatalities each year on Christmas and the day preceding.

During the past 10 years the Christmas toll has exceeded that of New Years and December 31 except in 1945 and 1938. In 1944 the tolls were identical. Unless abnormally bad weather enters as a variable factor, the Christmas toll tends to be greater because of heavier motor travel than over New Years, Mr. Hayes pointed out.

More than half of the Illinois fatalities will be pedestrians if the normal trend prevails which makes December and January the two most dangerous months for pedestrians. In large urban areas such as Chicago the ratio of pedestrian fatalities is likely to exceed three out of four.

Four Point Suggestion

Mr. Hayes recommended a four-point driving program with which Illinois motorists can reduce their highway holiday tragedies by at least 50 percent.

1. Moderate driving speeds to compensate for the Season's increased hazards of poor visibility, unreliable traction, and reduced stopping ability.

2. Extra alertness in obeying traffic regulations and common sense rules for safe driving.

3. To shun the wheel if unduly fatigued or otherwise affected by holiday hilarity, even if that requires parking of the car and use of another form of transportation.

4. To allow an extra margin of safety in passing cars and particularly for pedestrians in their most hazardous period.

## Infant of Louis Meades Found Dead in Crib at Apartment in Waukegan

The funeral of James Louis Meade, 4-month-old son of Mr. and Mrs. Louis Meade of Waukegan, well known in Antioch, was held at 2 p. m. today at the White and Tobin funeral home in that city with burial at Spring Grove cemetery.

The infant was found dead in its crib at 8:45 a. m. Tuesday by the mother. She told Waukegan officials she and her husband returned to their apartment at 229 N. Utica St. at midnight after visiting relatives and when she got up during the night to feed the baby she saw nothing wrong with it.

Death was due to an enlarged thymus gland which caused suffocation. The father of the child made his home in Antioch with the Louis Bauer family before going into military service and bowls with the Snow White team here on Friday night.

## Measles Epidemic Keeps 64 Pupils From Grade School

An epidemic of measles and other childhood diseases, along with the ever present colds and flu have been responsible for the absence of about 87 children in the first three grades at Antioch Grade School.

Sixty-four of the children who were absent yesterday are members of kindergarten, first or second grades. Attendance in the upper grades is normal for this time of year, according to Principal Richard Whitacre.

The state department of health has recommended that the school remain open despite the absence of large numbers of students, because of the chance that many will return within a few days and also that their records show that little if anything toward speeding the end of an epidemic is accomplished unless theatres, churches and other public places are also closed.

Whitacre pointed out that the school will be closing for the Christmas holidays next week and he expressed the hope that most of the children will be back at their classes after the holiday vacation.

## Simpson Announced for State Treasurer During County G.O.P. Dinner

### County Republican Rally Set For Feb. 7 at Armory in Waukegan

Lake county Republican precinct committeemen dining at the Chateau du Jour Tuesday night heard John J. Spellman, Lake Forest, central committee chairman, announce the candidacy of James (Jimmy) Simpson, Jr., Wadsworth, as candidate for the Republican nomination for state treasurer.

In addition to Simpson the committeemen endorsed Sen. C. Wayland Brooks seeking re-election to congress; Ralph E. Church, seeking re-election to the house of representatives; and William M. Marks, candidate for re-election as state central committeeman.

Simpson was the Tenth district representative in congress in 1933-35 and served in the marine corps during World War II. He promised "an administration that would reflect credit on the county and the state," if elected.

Spellman announced a county-wide rally will be held at the National Guard armory in Waukegan on Saturday, Feb. 7. The rally will launch the full scale campaign for the Apr. 13 primaries.

## Local Postoffice Climbs to Peak in Second Class

### '47 Receipts Reach \$33,000 Through Greater Use Of Parcel Post

Antioch's postoffice will advance to top rating in Class 2 on next July 1, Roy I. Kufalk announced today.

The postoffice is now a sixth grade office and as the result of the large increase in receipts it will advance to seventh grade within second class.

Postmaster Kufalk said that his receipts for 1947 were \$33,000, about \$100 a day and that when receipts are over \$32,000 the office gains the top position in second class.

The postmaster said that increased business here has come largely from industry and is the result of greater cost of express which has thrown much business to parcel post.

"We hardly have noticed the drop in business since the summer residents returned to the city," said Kufalk.

One of the big users of parcel post recently has been the Frostee Sno Co., which this week sent large last-minute shipments of its products.

Unless this region has an unforeseen boom beyond any of our dreams we will not become a first class postoffice, Kufalk said.

## Palatine High Plays Here Tomorrow Night; Sequoits Nip Wauconda

### Score of Overtime Game 39-38. Papposes Have Easy Victory 38-21

Playing a better brand of ball as shown in their defeat of Wauconda there last Friday night, the Antioch High school basketball team will meet Palatine here Friday night with a good chance of annexing a victory.

Both teams have won two games and lost three in conference play, and should be evenly matched.

The Sequoits overcame an eight-point lead in the last quarter of the Wauconda game to draw a tie 36 to 36 and then win in overtime play 39 to 38. Bratrud's basket in the overtime period was offset by a field goal by the home team. Then in the last 40 seconds of play Bartlett, Antioch guard, was fouled and he made his basket.

Antioch led at the end of the first quarter 11 to 9, but trailed at the half 15 to 18. The same margin stood at the end of the third quarter with the score at 28 to 31, although at one time there was a difference of eight points.

Paynie's Papposes went merrily on their way by taking their seventh victory 36 to 21. They were never headed. The score at the first quarter was 11-2, at the half 15-6, at the third quarter 25-12 and at the end 38-21. The underclassmen have lost but one game in eight.

Coach Kruzan said his varsity squad is developing good teamwork and that last week's victory was the result. He said Wauconda had a good team for a small one.

Tomorrow night's game will be the last before Christmas. On Dec. 26 and 27 the Sequoits will attend the invitational tourney at Wauconda. They will play Wauconda in the opening game and Northbrook will play McHenry. The following night the winners of these games and the losers will play each other.

### An Honest Price

One unfortunate phase of the price problem is that everyone seems to be looking for a pat solution, which will solve it in one fell swoop.

The fact is that the problem is simply the sum total of innumerable other problems and forces, some of them of extreme complexity. For example, high wages contribute to high prices. Foreign aid contributes to high prices. Government fiscal policy, which is still strongly inflationary, contributes to high prices. Our record national income (increased printed money), which no one wants to reduce, contributes to high prices.

The worst illusion of all is that a return to price control of the OPA type would solve the problem. The government could set a low price for an article—but it couldn't make anyone produce that article if the price involved an operating loss. Price control would drive goods inexorably into the black market, which would then become the real market. Most dangerous of all, price control would be completely impossible unless it involved the strictest kinds of wage and other controls—and subjected the nation to some kind of an economic dictatorship.

During the next year, prices may go up or they may come down. No one knows, and, as the experience of the past year or two shows, the forecasters are almost

invariably wrong. But, in a free economy, where open competition exists all along the commodity line, down to the chain or independent store from which you buy your goods, the price will be an honest price. It will be an accurate reflection of present-day costs and conditions. And that is all that anyone can expect.

"Papa, why do they rope off the aisles at a wedding?"  
 "So the groom can't get away."

### The Low Down From Hickory Grove

We been told for years that to have the land flow with milk and honey, Uncle Samuel should be the Big Cheese, run everything—turn the lights on and off—say how many acres of potatoes to plant—what size lunch at the school house—what day to eat chicken or not eat chicken. And now, down on Main Street you will need a fine tooth comb to find a happy soul. It has not worked, this idea of Uncle Sambo being the last word from the maternity ward to the mortician. And partner, it has been expensive.

Folks who have been kinda half-way misled by the glib talk, they should scratch their dome and decide if they have maybe been took-in.

This country is not gonna burn down like Rome burned down, right away, anyway, due to riotous living, mismanagement or whatever it is, but we need to dust off our vest—maybe repent—and be saved, maybe. It is time to let business go ahead—with the brakes off. Young and old have got to get over the notion that Sambo can smooth their path—and they need never perspire again. The Govt. has no income, except taxes—and we furnish them. Uncle Sam is okay and alright in his place—he just wasn't cut out for business.

Yours with the low down,  
 JO SERRA

**HOW TO SAVE HALF THE WINTER FUEL BILL TOLD BY UNIVERSITY**

Rising coal and fuel oil prices give added point information released by the Small Homes Council at the University of Illinois talking about home insulation, which can save as much as one-half the winter fuel bill—one shovel of coal from every two.

Fifty per cent is the saving estimate for a typical two-story frame house with wood or shingle siding to which tight storm windows and doors, four inches of insulation between ceiling joists and three and five-eighths inches between wall studding is added.

The facts about insulation and fuel saving, many resulting from years of careful research at the University, are presented in a free eight-page non-technical circular. The high spot in it is a table showing reductions in a fuel bill possible in eight typical types of construction for one-story and two-story homes.

Benefits of insulation, the circular says, include greater comfort by making walls and window surfaces warmer; reducing drafts; and making heat more uniform; cooler houses in summer; and money saved by reducing fuel needs and requiring a smaller heating plant or less load on existing equipment. Also walls and ceilings are cleaner because dust and dirt do not gather on warm surfaces as they do on cold.

Good insulation will not attract insects and mice and will not form fire hazard, will not absorb moisture and get soggy and will not deteriorate or settle, the circular explains.

## Woman's Club Has Interesting Meeting At W. C. Petty Home

Antioch Woman's club held their Christmas party at the home of Mrs. W. C. Petty Monday.

Constance Morrill, soprano, and Marlys Blough, pianist, proved themselves artists in the presentation of their program.

Mrs. Hans Von Holwede and Mrs. Myrus Nelson reported on the recent county meeting at Zion.

Mrs. C. W. Flager reported on the regional institute meeting held at the Sherman hotel, Chicago, Dec. 11. All were highly interesting.

The Christmas project of the club, for the patients at Downey hospital will be not one but two radios owing to the generosity of club members.

### METHODIST CHOR TO PRESENT BROADCAST OF CHRISTMAS MUSIC

A special program of Christmas carols and Christmas music will be broadcast from the tower of the Methodist Church next Tuesday evening at 7:30. The choir, under the direction of Mr. Charles B. Watson will sing in the sanctuary of the church and persons living outside the hearing range of the public address system are invited to hear the program in the church itself. The technical arrangements for the program are being made by Mr. William Baned.

Members of the Methodist choir are the Mesdames William Dow, Margaret Gaston, Wesley Carlsen, Paul Howard, Fern Lux, Richard Luedke, Luster Badger, William Brown, Charles Davis, and the Mesdames Marion Spangard, Mae Setek, Vera Kufak, Jane Hunter, June Hunter, Elsie Farnsworth, Norma Jarnigo and June Petersen, and the Messrs Charles Anderson, Edwards Challinor, Fred Yates, Stewart Good and Earl Brabant.

#### Christmas Service

Rev. G. Richard Tuttle will preach the Christmas sermon at the Methodist church on Sunday morning. In keeping with an annual custom in the church people are asked to bring "white gifts" for the Lake Bluff Orphanage to the worship service on Sunday morning. These gifts may consist of food, games, dolls and the like both for the use of the orphanage and for the use of the children. The robed choir will sing at the service on Sunday morning. A nursery is maintained each Sunday for small children during the worship service under the direction of Mrs. William Baned and Mrs. Sigurd Nielsen.

### METHODIST CHURCH SCHOOL TO PRESENT CHRISTMAS PAGEANT

Members of the Church School of the Methodist Church will present their annual Christmas program on Sunday afternoon at 4 o'clock in the sanctuary of the church. The program consists of a Pageant written and directed by Mr. Bernard Guillaume, Superintendent of the Church school. The pageant has its setting in Bethlehem, and the following young people are participating: Angels, Joyce Baber, Arlene Cribb, Sue Wolfenbarger, Shepherds, Robert Jarnigo and Fritz Baumann, Wise men, Bruce Stahmer, Eugene Baethke, Lauris Burdick. The part of Mary will be taken by Ruth Birkhead and the part

of Joseph by Harold Wilson. Presley Bratrude will be the reader. Each class and department of the Church school will contribute to the program. Young people and adults of the Church School are each asked to bring a gift to be left at the Manger following the Christmas pageant. The gift should consist of clothing for shipment and distribution by church agencies to needy children and adults throughout the world. Each package should be gift-wrapped, and the articles need not be new, but should be in good repair. Items which are desperately needed include all types of clothing, blankets and shoes. Those desiring to bring food instead of clothing may do so and these articles will be used to help a family in Europe which is being assisted by the Youth Fellowship.

**Church School Christmas Party**  
The annual Christmas party of the Methodist church school will be held on Saturday afternoon at 2 o'clock in the church. This program has been planned by the teachers of the school and will consist of a special sound movie, "The Child of Bethlehem," as well as some shorter features. Refreshments will be served and it is expected that Santa Claus will arrive in time to put in an appearance at the festivities.

**Church School Choir Party**  
The newly organized Church school choir under the direction of Mrs. Luster Badger will hold a Christmas Party on Friday afternoon at 3:30 o'clock in the church. The choir has been singing each Sunday morning at the opening exercise of the school. There are approximately 40 young people of Grade school age in this group.

Order of Rainbow for girls had their official visit last Monday night. A dinner was served before the meeting. Among the many guests were girls from Waukegan assembly and Libertyville assemblies. The girls initiated a new member into Rainbow.

### MYF ANNOUNCES CHRISTMAS PARTY, PROGRAM, WORSHIP SERVICE

The Methodist Youth Fellowship will meet Sunday evening at 6 o'clock in the church for a special Christmas party under the direction of Presley Bratrude, Recreation chairman. A number of committees have been selected to arrange for the decorations, refreshments and clean-up. The party will include an exchange of gifts among each of the members of the Fellowship. Presents will also be brought for the Fellowship's family overseas.

The Youth Fellowship Christmas worship service will be under the direction of Beverly Lasco and Virginia Petersen. A special service of lovely Kodachrome slides entitled "The Christmas Story" has been arranged and will be presented at that time. Present plans indicate that the Fellowship will go Christmas caroling on Christmas Eve throughout the community.

**Washington's Population**  
Thomas Jefferson thought that at the end of 100 years, Washington, D. C., might have 100,000 inhabitants, and might hope ultimately to attain a population of 200,000, according to Encyclopaedia Britannica. The 1940 census listed the district's population as 663,091.

They're telephone lines being strung on newly erected poles—part of Illinois Bell's broad program to improve and expand service in rural areas.

Adding hundreds of miles of pole lines is only one sign of rural telephone progress. This new steel wire is more storm-resistant and so strong that the distance between poles can be greatly increased—making for faster construction. We're speeding the installation of switchboards. We're working hard to reduce the number of parties on rural lines and the number of rings heard on the line. And we're replacing the "crank-type" telephones with more modern ones as fast as we can.

Day by day, we're bringing more service and better service to the rural families we serve.

LEADING THE WAY INTO A NEW GOLDEN ERA...

History is in the making at Oldsmobile. In celebration of the fifty years just past . . . in anticipation of even greater years ahead . . . America's oldest motor car manufacturer is now swinging into production on the first of an entirely new cycle of superlatively fine cars—the Futuramic Oldsmobile. Here is a car so new and exciting, it requires a brand new word—Futuramic—to describe it. A car with styling so daring and dramatic, it's just as modern as Oldsmobile's Hydra-Matic Drive. A car so advanced and ahead of the times, in every way, it heralds the dawn of a new Golden Era. Watch for the 1948 Futuramic Oldsmobile—soon to be seen in our salesrooms.

Rev. Dixon has announced his sermon topic for next Sunday at the Community church at 11 o'clock to be "Christmas Without Christ."

The church school will present its Christmas program at the Community church next Sunday evening at 7:30. It consists of songs, recitations, a pageant and Santa Claus will be present to distribute treats to the children. The adults will enjoy a social hour also following the program.

Work is progressing on the remodeling of the church basement.

The Halcyon club will meet Thursday evening at 6:30 for pot luck dinner at the home of Mrs. Ellen Schneider.

Rev. Dixon conducted a service for the boys at Allendale school last Sunday after the Community church service.

Mr. and Mrs. Richard Whitaker visited Mrs. Whitaker's father, Carl Seeger and her sister, Mrs. Bailey, and family in Kenosha last Sunday.

Mr. and Mrs. Wm. Weber went to St. Louis last Friday and returned on Monday after visiting friends there.

The Hucker house on Cedar Ave., the former residence of Mr. and Mrs. Wm. G. Hucker, deceased, has its porches removed, and is being made ready to move to the lot between the Effinger store and the Chas. Madsen residence some time soon.

Claudette Brownlee, who has been a patient in the Shriner's hospital in Chicago for several months, has had a second operation on her spine and is improving, though she will be in a cast for some time yet.

The Cub Scouts invite their parents and friends to their Christmas program Sunday, Dec. 21, at 2 o'clock at the Lake Villa school gymnasium.

Rosemary Slazes, daughter of Mr. and Mrs. Frank Slazes, has completed the first part of her nurse's training at St. Therese hospital, and received her cap at a ceremony at the solarium at the hospital last Thursday evening, at the close of the pre-clinical period. Two of her classmates, Geraldine Sass and Barbara Horton also received their caps. Mr. and Mrs. Slazes and other relatives and friends were present at the ceremony.

Mr. and Mrs. Joseph Sweeney left early this month for California to spend a few months.

The Royal Neighbor Camp No. 460

elected Cecile Blumenschein as Oracle at their regular meeting last Tuesday evening at the Village hall, and Harriet Davis, who has had the office for six years, will now be Past Oracle. Elizabeth Anzinger was elected vice-oracle; Helen Fish and Cora Hamlin retain offices of recorder and receiver and Marie Hamlin is retained as marshal. Elhel Wood was elected chancellor. Vivian Adamson as inner sentinel, Lela Barnstable, as outer sentinel and Georgia Avery as manager for three years. Installation will take place some time next month.

Mrs. Traver Ellis and children returned to their home in Belvidere last Thursday after spending a few days with her parents, Mr. and Mrs. B. J. Hooper. Mrs. Ellis, Mr. and Mrs. Hooper took the Ellis children and Sharon Langhein to Evanston one day to see Santa Claus.

On Sunday evening, Dec. 14, the Cosmopolitans held their monthly meeting at the home of Dr. and Mrs. Midgley. Considerable time was taken in hearing from the committees for the formal dance for New Year's Eve, following Christmas carols were sung and refreshments served. During this time, a round table discussion was engaged in on "necking." Twenty Cosmopolitans and "stinkers" were present. Arrangements are proceeding in regular order toward the annual formal dance for New Year's Eve. An orchestra has been engaged and tickets are being rapidly taken up. A feature of this dance that will undoubtedly attract attention is the fact that no one attending the dance will be allowed to bring in alcohol.

The Cosmopolitans have been organized for 8 months now and have plans for considerable activity in the New Year. January 1 will terminate a play writing contest. Three of the best plays of which will be used in March for the presentation of an evening's entertainment of plays written, directed and acted by the Cosmopolitans. Membership in the Cosmopolitans is open to all teen age boys and girls, who are willing to abide by the rules and regulations of the Club. It is expected, because of the interest in the teenagers in this group, that in the year to come membership will increase tremendously.

**Duck Superstitions**  
Cato had a great love for, and faith in, ducks to keep his family in good health. In case of illness, duck flesh was the first prescription ordered by that wise man.
